

# Sydney Open Complex Colorectal Surgical Course

Tuesday 11<sup>th</sup> – Wednesday 12<sup>th</sup> June

Royal Prince Alfred Hospital,  
Sydney

## Course Overview

During this preceptorship, attendees will observe live complex exenteration and peritonectomy cases. Delegates will also attend multi-disciplinary team meetings for ongoing exenteration and peritonectomy patients to gain insights into the management of these extremely complex patients.

Various faculty members will also give presentations during the day to provide further opportunity for discussion. The course is held at the Royal Prince Alfred Hospital, in Sydney.

## Learning Objectives

- Advanced surgical techniques relating to exenteration and peritonectomy procedures
- Insight to the broader management and decision-making process for exenteration and peritonectomy
